

Bulla Sree Divya

Hyderabad, Telangana — +91 7207840821 — sreedivyaserenity@gmail.com
linkedin.com/in/b-sree-divya — github.com/SREEDIVYA2003

Professional Summary

Cyber Security undergraduate with strong expertise in secure software development, penetration testing, vulnerability assessment, web application security, and full stack development. Skilled in Java, Python, SQL, Spring Boot, Hibernate, and applying OWASP principles in real-world projects.

Education

B.Tech in CSE (Cyber Security) , Malla Reddy University	2022 – 2026
Intermediate (MPC) , Sri Shirdi Sai Mahila Jr. College	2020 – 2022
SSC , Learner's High School	2020

Internships

Cybersecurity Intern – Red Users (Remote)	Jan 2024 – Jul 2025
--	---------------------

- Performed penetration testing and vulnerability analysis on web applications.
- Applied OWASP Top 10 principles and documented mitigation strategies.

Cybersecurity Intern – Elevate Labs (Remote)	Aug 2025 – Sep 2025
---	---------------------

- Conducted vulnerability scanning using Nmap and Burp Suite.
- Prepared structured security assessment reports.

Cybersecurity Virtual Intern – NEAT (EduSkills)	Sep 2023 – Nov 2023
--	---------------------

- Completed Palo Alto-supported cybersecurity training and hands-on labs.

Java Full Stack Intern – EduSkills	2026
---	------

- Completed a 10-week internship in Java Full Stack development.
- Learned HTML, CSS, JavaScript, Bootstrap, Core Java, Advanced Java, Spring, Spring Boot, Hibernate, MySQL, Git, and Version Control.

Projects

Intelligent Honeypot Based Intrusion Detection System

- Developed a honeypot environment to simulate vulnerable systems and attract malicious attackers.
- Implemented intrusion detection and analyzed attacker behavior.

Cyber Alert App

- Designed a web-based cyber awareness platform for real-time alerts.

IMDB Search App

- Built REST API integrated movie search application with responsive UI.

Fuel Station App

- Developed automated fuel tracking system for sales and stock management.

Technical Skills

Programming: Java, Python

Web: HTML, CSS, JavaScript, REST APIs

Database: SQL, MySQL, Relational Databases

Frameworks: Spring, Spring Boot, Hibernate

Security Tools: Burp Suite, Nmap, Wireshark, Metasploit, Kali Linux

Practices: OWASP, Secure Coding, Agile

Tools: Git, GitHub

Certifications

- Super 30 – Code: Breach (Offensive Security Training Program)
- Ranked Among Top 30 Participants – Secured Bharat Group
- Cybersecurity Virtual Internship – NEAT (EduSkills)
- Java Full Stack Internship Credential – 10-week program
- Python (Coursera), Agile Scrum, Manual Testing + Selenium, Cyber Fortress CTF
